  IUT Laval
  DUT Multimedia and internet professions

About

As much as I want to be able to focus on my work without being interrupted when I need it, I enjoy learning from and with others and thrive in a team where you have opportunities to think and work together to resolve problems or come up with new ideas for the projects.

A few rapide-fire facts about me :

- I won't get mad if you mispronounce my name
- Sometimes I'm funny
- I just love my warm cup in the morning
- I like to take a 20 minutes power nap after lunch
- I really enjoy playing video and board games with friends
- I try to travel to a new place at least once a year
- I'm probably wearing my headphones right now

You can get more details and learn more about some of my works on youen.etrillard.com
